CONCRETE BENCH 158

828.00 €

Double concrete bench, the supporting elements of which are in the form of a Venetian mask and are made of high-performance reinforced fiber concrete. The concrete legs are finished of embossed aggregate. The structure is made of natural marble or granite stones of a certain size in different colors. The wood from which the planks are made is certified and specially treated. This retains the material's characteristics over time and prevents it from rotting. The fasteners are from stainless steel. The embossed concrete surface is additionally coated with special protection, which makes the product even more resistant to aggressive weather conditions. The symmetrical composition provides more seating places and makes the bench suitable for busy urban spaces.

Diameter: 190.0 cm

Length: 132.0 cm
