CONCRETE BENCH 4

Bench with backrest made of high-performance concrete, natural aggregate and certified wood. The concrete is fiber reinforced. The aggregate structure contains natural marble or granite stones. They can be combined in different colors and are of a specific size. The planks are specially treated, which protects them from rotting and preserves the material's characteristics over time. The concrete surface is embossed and further treated with a protective coating. This makes the product even more resistant to aggressive weather conditions. The elements connecting the ...
