Concrete Benches 268 P seat polished, sides exposed aggregate

oncrete Bench _ **Model 268-P**_ – a component of the [_ **Modular Concrete Bench Model 268**_] (https://www.etebg.net/en/category/i397/MODULAR- BENCHES.html). It can be used both independently and in combination with the other modules of the model. The bench is made of high-strength fiber- reinforced concrete with a homogenous aggregate structure. The aggregate particles have a defined size and can be combined in various color combinations defining the primary textures: white, speckled, grey, or brown. The seating area is polished, while the sides have a subtle ...
